

Orchid Electronics Muting DI Box

- Mechanically quiet momentary footswitch – press to mute – latches electronically
- Silent muting - no noises through the PA
- Red LED indicates mute status
- Outputs available on XLR to feed PA mixer and a jack socket for an on stage amplifier if required. Both outputs are muted when red LED is on
- Output for tuner available at all times (does not mute)
- Can be powered with internal battery, fitted in easily accessible drawer, or via 48 volt Phantom supply from the mixer
- Housed in strong aluminium die cast box fitted with non slip rubber pad base
- Convenient floor mounting 120 X 95 X 35mm
- Weight: 350g
